true Combine warriors. Though this has stained Yoshida's personal honor, it has not impaired her martial abilities, and her refusal to end the relationship demonstrates a formidable strength of will. Indomitable will and remarkable abilities, however, have not spared Yoshida some humiliation from her peers, but she proudly bears the temporary scars from each effort to break her.

The classic *Locust* has been around since the time of the Star League, and though countless variants emerged over the centuries since, no BattleMech has been so synonymous with speed and maneuverability. Initially conceived as a fast scout, recovered technology allowed designers to develop more shockingly powerful versions, such as this variant, which includes a powerful extended-range large laser as its primary weapon. Still possessing the high speed for which the design is known, this *Locust* is an ideal raider or recon unit.

RS1465-33D bears the nickname "Sumuru's Promise," a reference to Yoshida's lover in the Brotherhood. Originally manufactured for The Republic Armed Forces, this BattleMech was "adopted" by the Dragon's Fury soon after the HPG network collapse. Sporting a powerful extended-range laser as its primary weapon, along with twin medium lasers, it delivers a punch every bit as crippling as the 'Mech's speed is blinding.
